"What we feared has happened," said Charles Michel, the Belgian prime minister, following [Tuesday's back-to-back attacks in Brussels](#), his country's capital. The Paris terrorist attacks of last November were rooted in this city. A manhunt for Paris suspect Salah Abdeslam had finally ended in his arrest Friday by Brussels police. But on Tuesday, Belgium took a direct hit.

Timeline of the Brussels Attacks

The Belgian capital was hit on Tuesday night. At least 31 people have been confirmed dead in the attacks at the city's international airport and Maelbeek metro station. The Islamic State has claimed responsibility for the attacks.

Tuesday 22 March 2016 11:48 EDT

The attackers

- Brothers Khalid and Ibrahim el-Bakraoui [have been identified](#) as the bombers at the metro station and airport respectively.
- The two Belgians were already being sought by police following [the November terror attacks in Paris](#).
- Belgian media retracted an earlier report that a third suspect had been arrested in the Brussels suburb of Anderlecht.
- Three suspects were captured on CCTV at the airport on their left hands [thought to have concealed detonators](#).

CCTV footage from shortly before 8am showed three attackers in the departure hall. Prosecutors said the two men

Here's \$100. Can you win \$1.5 billion at Powerball?

By [JON SCHLEISS](#)

JAN. 8, 2016

UPDATED JAN. 12, 2016

The odds of winning the Powerball jackpot are 1 in 292,201,338. But someone has to win, right? We decided to put that idea to the test.

This game starts with \$100 to play against multiple lottery drawings. Pick your numbers and watch the money disappear. Based on the odds, you're likely to hit numbers that pay out smaller prizes. This is for educational purposes only, we're not giving you any money. Oh, and good luck!
